Management Officer, CIA

28 JUN 1950

Assistant Director, ORE

Management Staff Survey of Map Division, ORE

~~CONFIDENTIAL~~

1. The report resulting from the Management Staff survey of Map Division, ORE, adequately discusses the current problems in D/MA's operations and it is believed that detailed comments by ORE are unnecessary.

2. ORE notes that the report does not include a discussion of broad policy questions relating to the Map Division's mission. However, the Management Staff representative stated that the survey would not include the Office of the Chief, D/MA, which probably accounts for this omission.

3. Full consideration will be given by ORE to procedural improvements recommended in the survey report. The suggestion detailed in Appendix "E" will be tried on an experimental basis as soon as the necessary cards can be obtained.
